Hiram Defeated in Track

Wooster Track Team Has no Trouble In Running Away With Meet.

Wooster secured ample revenge for the victory of Hiram over Wooster's track team last year. When Wooster visited Hiram last year the team was divided, only a part of the team participating in the meet, with the result that Wooster was defeated by a narrow margin. This year our team remained undivided and in consequence had no trouble in scoring almost twice as many points as scored by Hiram. The weather conditions could not have been worse. The entire meet was run through during driving rain. In spite of this the records made were good. The prettiest race of the day was the 440 yd. run in which J. H. West and Swartz of Hiram, ran a dead heat. In the two mile run Wallace again broke the school record, his time being 10:59. The form displayed by the local boys gives us reason to believe that our showing in the big six meet will be creditable.

Results:

220 yd. hurdles, McSweeney, Hall, Anderson, 30 2-5 seconds.

Mile run, Richards, Clapp, 4 min. 50 seconds.

100 yd dash, Elder, Donnelly, Schwartz, 10 2-5 seconds.

220 yd. run, Elder, Lehman, Swartz, 23 2-5 sec.

120 yd. hurdles, Griffith and Donnelly tied, Hall, 18 seconds.

880 yd. run, Fulton and Clapp tied, Corbett, 2 min. 13 seconds.

440 yd. run, West and Schwartz tied, Lehman, 53 2-5 seconds.

2 mile run, Wallace, Guilbert, Everhart, 10 min. 59 seconds.

Shot put, M. Brawshaw, White, Crawford, 30 ft. 9 in.

Pole vault, Griffith and Harrison tied, Tiefield, 9 ft. 2 in.

Discus throw, M. Bradshaw, J. Bradshaw, Weygandt, 90 ft. 3 in.

Broad jump, J. Brawshaw, Jones, Donnelly, 19 ft. 2 in.

High jump, Donnelly, J. Bradshaw, Clapp, 5 ft. 3 in.

Hammer throw, Felton, Hall, M. Bradshaw, 97 ft. 6 in.

Mile relay won by Wooster in 3 min. 52 sec.

On Friday the track team will be in Columbus to engage in the big six meet.

Ohio Wesleyan will be here next Saturday at 3:30 when St. John will endeavor to down his old school. A large crowd is expected, for the game will undoubtedly be a hummer.

Monday the baseball team will be off to Ada to try conclusions with Ohio Northern.

Alpha Taus Again Victorious.

In a six inning game the early part of last week the Alpha Tau fraternity again defeated the Varsity, the score this time being 4 to 3. Blaser of the high school pitched for the fraternity; White was the catcher. Giffen and Ervin held down their usual places for the Varsity. Frank Steele of Cleveland, and H. H. Herbert of the Youngstown team were among the visitors who played with the Alpha Taus.

Forensic League Elects Officers.

The Forensic League met Friday night to elect officers and transact other important business. The following men were elected: Pres., W. C. Richards; vice pres., W. F. Workman; sec., L. B. Avison; treas., M. W. Greene.

Hereafter the finances will be controlled by Prof. Wolfe, as fiscal agent, the president of the league, and Prof. Lean, the three composing a board in whose charge all funds will be placed.

Enough medals have now been secured to enable each of the six debaters to receive one.

Dr. L. E. Holden and wife attended the meeting of the Presbyterian General Assembly held at Atlantic City, N. J.

Back to the Farm

Advice Given by O. C. Barber, the Match King, in His Chapel Talk Friday.

"Clean scientific farming" was the keynote of the address given by Mr. O. C. Barber in Memorial Chapel Friday morning. For some time Wooster has endeavored to secure a successful business man to give an address here and when Mr. Barber, well-known as the Match King and owner of nineteen farms, had given his admirable talk last Friday, no one was disappointed.

Dr. Holden, in introducing the speaker, made mention of his liberality in securing for Wooster, at the time of great need, the engine boilers of the power house, at a figure which saved the university \$3,000. To this introduction Mr. Barber replied that he suspected Dr. Holden even now. Probably the loud and long applause which greeted Mr. Barber in no way allayed his suspicion.

Although his voice was too weak to be heard at a great distance, yet his appeal for the farm was made convincing by startling facts gathered from his own experience. He claimed that there is a smaller yield per acre from the soil in our country than in any country in Europe. Much land could be redeemed by the removal of fences; he himself removed 25 miles from 19 farms and used the stones that were found for making roads. "Twenty-five per cent of the cattle of Ohio," he stated, "have tuberculosis. Yet they are used for meat and dairy purposes." "I have a few chickens, eight or nine thousand of them, and about 4,000 'nice little chaps' just hatched out, which sell for a dollar a pair."

Special emphasis was placed on the advantage Wooster students have in being situated so near the Agricultural Experiment Station. By becoming better acquainted with the improved methods of the farm, and coming into closer touch with farm

Some readers may not have understood the position taken by the Voice in the last issue. Again let it be stated that what appeared was published for the information of all. The business of a newspaper is to present the news, which was done last week: first, by giving the bone of contention, then, by revealing the action taken by both parties regarding it. If the editorial was not apprehended, its content in plain words is this: Is there not a wise middle-ground upon which a compromise could be reached? Suppose Mr. Severance would agree to donate funds for the erection of two club-houses on the condition that the existing fraternities remain, but that the University be no further fraternized. Would not such an agreement meet with the approval of every fraternity and non-fraternity man? Would it not afford a peaceful solution?

Judging from the kindly feeling and courteous treatment shown the editor the past week, it is apparent that the last number was received in as good a spirit as it was conscientiously meant.

In a certain class-room one day last week the professor in charge heard the class on the lesson for that period without asking a single question. For forty-five minutes the students of the class talked coherently and kept to the point of the lesson. Then a few neglected sugges-

tions were given and thus the entire assignment was covered. In the next recitation period a criticism of the plan was called for. The consensus of opinion was, that as in the present system of education the teacher does not allow enough freedom for the learner, such a method can be wisely used if not employed as the only method. Certainly it pays to awaken a class to its own responsibilities, a condition met in this suggested method.

ABOUT WOOSTER.

The three students who debated at Wooster have nothing but good things to say regarding their entertainment and treatment there. Allegheny has always endeavored to give visiting schools fair play and it was a pleasure to visit a school where the efforts in this respect are identical with ours.

Wooster is a college very similar to Allegheny. The enrollment is about 400 and the equipment similar to ours. The ravine here gives Allegheny a natural advantage in campus beauty. Chapel, library, dormitories and recitation halls are similar. Wooster's great advantage is in scientific equipment, which includes two modern three story buildings, and thousands of dollars in apparatus. But the gymnasium there is not even suitable for basketball, and there is no commons building such as Cochran to which we always take visitors first.

These facts which one can see in a few hours visit to Wooster will show that it is just such a school as Allegheny should want to meet in inter-collegiate contests.—The Campus.

Barber's methods of scientific farming may be alright for the millionaire who farms with an automobile, but they will have to be modified for the beginner who lacks funds.

The fact that the Ohio man won the interstate peace contest at Ann Arbor, shows that our representative at Oxford, Mr. Reeves, was up against strong oratorical material.

Problem for the faculty: If the number of competitors for places on the college paper has doubled when there is only the possibility of receiving college credits for newspaper

work, how many competitors will there be when credits are a certainty?

At last a remedy for political and social ills has been found: Wooster boasts of a Suffraget Club.

Y. W. C. A.

Every one who passed Hoover Cottage last Wednesday evening about 6:30, wondered why so many girls were gathered on the porch and steps. It was the open air meeting of Y. W. C. A. and every available chair and step was occupied. Bess Magee was the leader, and her subject, "The Eternal Goodness of God" was made all the more impressive by its being considered out under the open sky with the stars coming out one by one. After the leader's talk, several of the girls took part, and Sarah Anderson and Lera Avison sang a duet. The meeting was a great success in every way, if the girls' expressions of their enjoyment and approval count for anything in judging the matter.

Y. M. C. A.

The central theme of the talk given by Mr. Harry Post at Y. M. C. A. on Wednesday last was the making of God's will the supreme aim in life. Mr. Post's address was noted for its force and clearness and those present have since spoken of the helpful thoughts presented in the meeting. The practical side of his subject was emphasized by his urging everyone, in whatever profession to make the will of God the guiding principle of life.

Denison Here Friday Night.

The Denison debaters will be here Friday evening to contest with the strong Wooster trio which won an unanimous decision over Allegheny two weeks ago. It is rumored that a Denison man was present at the Allegheny debate and got the line-up of Wooster's arguments. If this be true a lively contest can be expected.

Mr. Sichty, the state secretary of Y. M. C. A., was in the city Friday on business pertaining to the organization.

Miss Eleanor Blocher, '95, has just returned from an extended trip to the far West, Mexico and the West Indies.

WOOSTER SECOND IN TRI-STATE.**Local Boys Spring Surprises in Big Track Meet.**

In the intercollegiate track meet, held at Pittsburg last Saturday, in which six large colleges were represented, the "Black and Gold" took second place, scoring 31 points in all. The high standing of the Wooster team was an utter surprise to the eastern schools and, in fact, was more than the home enthusiasts expected. The schools participating in the meet were six in number, Pittsburg being the winner by a small margin.

Richards took second in the mile run. West was fourth in the 440 yd. dash. Elder was conceded to be the freak of the day; he won the 100 yd. dash in 10 3-5 seconds, the time of his first heat being 10 1-5; a little later he won the pretty 220 yd. dash in 22 4-5 seconds, against the wind. Griffith and Harrison tied for fourth place in the pole vault. Anderson took third place in the 220 yd. hurdles. Guilbert was second in the two mile run. Donnelly won both the high and broad jumps, the distance of the latter being 20 ft., 7 in. Wooster finished the mile relay in third place.

Enjoyed by Infirmary Inmates.

Under the auspices of the Deputation Committee of Y. M. C. A., a number of collegians furnished entertainment for the inmates of the infirmary last Friday evening. Among the number were Harries, Reeves, Gee, Neff, Loy, Baldwin, Pocock, and the Glee Club composed of Messrs. Sperry, Jones, White and Johnson. The boys had a delightful time but their enjoyment in no way compared with that of their hearers. A similar entertainment will soon be given at the Children's Home.

The last meeting of Congressmen was held on Monday evening when a Navy Yard bill was up for discussion. The peace members, however, succeeding in drowning it. Mr. Holcen, as one who knows, gave a talk on the English King after which the president reviewed this year's work, and R. S. Douglas spoke of the steps to be taken during the coming year.

F. B. Pearson, '85, state inspector of public schools, was in the city on Monday.

Musical Recital.

One of the largest gatherings of music lovers was present at the Conservatory Thursday evening when Miss Dessa Brown and Miss Edith Jones gave their graduation recital. Miss Brown graduating from the vocal department and Miss Jones from the piano.

Miss Brown, who for the past year has been the assistant of Prof. Hutchins, is well-known in this city as one of its finest musicians. She possesses a voice of exceedingly great sweetness and clearness and is also very pleasing to her listeners.

Miss Jones rendered her piano numbers in a very able manner which showed that she has accomplished much in her chosen line of work. The beauty and richness of her execution called for repeated encores.

Miss Claire Crowl was the accompanist.

Recital of Miss Pawling and Mr. Keim.

On Tuesday evening, May 17, Miss Edith Pawling and Mr. Clyde B. Keim gave their graduating recital. Miss Pawling has a rich contralto voice and she showed that it was under perfect control. Her tone production was fine and her interpretation excellent. Miss Pawling has the voice and the ability and we expect great things of her.

Mr. Keim was in perfect condition and took his audience with him from the first. Mr. Keim deserves especial mention because he is the only man in this year's graduating class. Mr. Keim has a wonderful rich baritone voice and has it under exceptionally good control. His enunciation was perfect, his interpretation of the best, and his tone production faultless. He appeared at his best in Prof. Erb's "Hear My Cry;" "Mac Dowell's, The Sea and Mendelssohn's, It is Enough." Mr. Keim is a conscientious worker and with that in his favor and his unusual voice, his success is certain.

Miss Clara Lamson of Oberlin, Sunday with Olive Case.

Miss Walker returned Saturday a visit at Loveland, O. The are glad to see her back and to resume her duties again.

J. D. Lower of Coshocton, was guest of Joyce Lower over Sunday.

Willard.

Willard enjoyed another very interesting and instructive meeting last Friday night. After the roll call and reading of the minutes, Mabel Smiley read a portion of scripture. This extemporaneous class followed: Resolved, That a college education is worth more than two years abroad. Affirmative, Helen Colville, negative, Nelle Cochran; "Mr. Barber," Irene Honsaker. The regular program was then carried out. "My Impressions of the Comet," Beulah Brown; "The King of England and His Royal Relatives," Nina Ellis; "Danish Alliances," Amelia McDonald; "The Danish Family of Spain," Kathryn Anderson.

We acknowledge reports from Willard, Irving, Castalian, Lincoln, and Athenaeum. Lack of space forbids the appearance of all.

Dr. Martin visited friends in Canton Saturday.

The Phi Gams enjoyed their annual drive to Lodi Saturday.

Grover Wander was elected to a fine position in Streetsboro at a salary of \$80 per month.

Vincent DeBeery was elected president of the County C. E. Union for the coming year.

Rev. Caldwell of Xenia Seminary, was a Chapel visitor Monday.

JUNIOR-FRESHMAN BANQUET.

Heretofore our loyal Freshmen have proved themselves worthy foes in the athletic arena and on the rostrum, but on Tuesday night they showed that they were also excellent hosts.

Although it was dismal without, yet within the banquet hall there were over two hundred jolly boys and girls who were partaking of the feast such as no Freshman class has ever before given. From 6:30 to 8:30 the Sophomore boys in Color Day dress were kept busy supplying the feasters with good things; while the stringed music of Messrs. Alcock and Smith added spirit to the occasion.

After singing a few Wooster songs, Arthur Compton, president of '13, welcomed the Juniors in a few well-chosen words. He placed special emphasis upon the fact that the Freshmen had tried to follow the worthy examples set by the Juniors. Pockock, president of '11, very pathetically spoke of "The Other Side." "To be—? or Not to Be—? Aye There, the Point," was the subject of Miss Hanna's pleasing toast in which she creditably pictured two kinds of college men. After vigorously laboring at the board Dr. Gable gave a pleasing solution to the "sin and cos of '13 and '11." Elisa Candor in her own inimitable way incidentally mentioned that she would vouchsafe that boys are a necessary adjunct of Wooster. The plea for a closer friendship between the two classes by Avison will not soon be forgotten. Dr. Compton very wittily proved that we all have our "compensation." The last toast was by Phelps, who made a few "Boasts" of by-gone events but would not venture to be an auger for fear he might be a bore. After a few of the shining stars of both classes had talked extemporaneously, the lights blinked, telling of the rapid flight of a pleasant time. And on the lips of all, as they departed, were these words: at Oxford, Mr. Reeves, was up against strong oratorical material.

Problem for the faculty: If the number of competitors for places on the college paper has doubled when there is only the possibility of receiving college credits for newspaper

NEW ALUMNI CATALOG.

The new alumni catalog which made its appearance last week is beyond doubt superior to any that has yet been published. Registrar L. E. Wolfe and those who aided him in editing it are to be complimented very heartily for its great success. It not only gives the names, professions, and addresses of the collegiate, musical, art, and post-graduate alumni, but adds many valuable indexes, among them the alphabetical index, another by states and cities, both domestic and foreign, concluding with a grand summary. The arrangement of the names by cities is especially helpful. Eighty alumni are in foreign fields, according to the bulletin.

Summary.

Collegiate Alumni—Living, 1270; dead, 132; men, 1033; women, 369; total, 1402.

Musical Alumni — Living, 123; dead, 5; men, 18; women, 110; total, 128.

Post-Graduate Alumni — Living, 202; dead, 15; men, 198; women, 19; total, 217.

Art Alumni—Living, 10; dead, 0; men, 0; women 10; total, 10.

Bible and missionary training school alumni—Living, 2; dead, 0; men, 0; women, 2; total 2.

Recapitulation—Collegiate Alumni, 1402; musical alumni, 128; post-graduate alumni, 217; art alumni, 10; Bible and missionary training school alumni, 2; total, 1759; names counted twice, 54; grand total, all departments, 1705.

479 of the Alumni are from Ohio.

The Western Theological Seminary

North Side, Pittsburg, Pa., Founded by the General Assembly, 1825.

The Faculty consists of six professors and five instructors. Modern methods of study are employed in all departments. The course of study is thoroughly practical, and is intended to train men as pastors and preachers. It includes courses in the English Bible, Elocution and Church Music, while special attention is paid to Evangelism and Sunday School methods. A special course is offered in practical Christian Ethics, in which students investigate the problems of city missions, settlement work and other forms of Christian activity. The City of Pittsburg affords unusual opportunities for the study of social problems.

The students have exceptional library facilities. The Seminary Library of 34,000 volumes contains valuable collections of works in all departments of Theology, but is especially rich in Exegesis and Church History; the students also have access to Carnegie Library, which is situated within five minutes' walk of the Seminary buildings.

A post-graduate scholarship of \$400 is annually awarded to the member of the graduating class who has the highest rank and who has spent three years in the institution. A gymnasium and grounds afford ample opportunity for recreation.

All the buildings of the Seminary are located on the West Park, one of the most beautiful residence districts of Greater Pittsburg.
